

1st International Caparica Conference on Translational Nephrology

10-11 Oct 2014

<http://www.nephromics2014.com/>

Day 1 – Friday 10

18th Portuguese Symposium on Renal Diseases: “From –omics to Clinical Practice”

Nephrology Department – Hospital Garcia de Orta, Almada

- | | | | |
|-------|---|-------|--|
| 09h00 | Opening session | 12h45 | Lunch |
| 09h15 | AKI – biomarkers in risk assessment and predicting models
Pedro Ponce - Lisboa
<i>Moderators: João P Travassos
Ana Mateus</i> | 14h30 | Individualizing therapy: Do geneticists have the tools to predict which glomerulonephritis will go wrong?
João Paulo Oliveira – Porto
<i>Moderators: Edgar Almeida
Joaquim Calado</i> |
| 10h00 | New advances in peritoneal dialysis: from biomarkers to clinical practice
Anabela Rodrigues – Porto
<i>Moderators: Augusta Gaspar
Teixeira e Costa</i> | 15h15 | Diabetic Nephropathy – predicting outcomes from multiple markers
Michael Rudnicki – Innsbruck
<i>Moderators: Ana Paula Silva
Pedro Bravo</i> |
| 10h45 | coffee break | 16h00 | Tolerance in transplantation: Get, monitor, act
Ondrej Viklicky - Prague
<i>Moderators: Carlos Oliveira
Alice Santana</i> |
| 11h15 | From -omics to personalized medicine in nephrology
Thomas Koeck – Hannover
<i>Moderators: Rui Alves
Aura Ramos</i> | | |
| 12h00 | Lupus Nephritis: current update – from basics to therapy
Hans-Joachim Anders – Munich
<i>Moderators: Pedro Ponce
Cristina Santos</i> | | |
- Endorsements

Nephromics 2014

FACULDADE DE
CIÊNCIAS E TECNOLOGIA
UNIVERSIDADE NOVA DE LISBOA

Day 2 – Saturday 11

- | | | | |
|-------|---|-------|---|
| 09h00 | Opening session | 16h00 | Dr. Gonçalo Graça/Joana Sousa
'Metabolomics of human biofluids as a strategy to assist diagnosis' |
| 09h15 | Dr. Gert Mayer
'The road to stratified medicine for diabetic nephropathy' | 16h15 | Dr. Francisco J. López
Pending title |
| 10h00 | Dr. Thomas Koeck
Pending title | 16h30 | Dr. Weiguo Sui
A series of study about nephrology molecular mechanisms |
| 10h45 | coffee break | 16h45 | Dr. Chan-Wha Kim
Proteomic analysis of glomeruli from streptozotocin-induced diabetic rats and glomerular epithelial cells at hyperglycemia |
| 11h15 | Dr. Yamamoto Tadashi
'Application of Proteomics to Translational Nephrology' | 17h00 | Dr. Ivana Markovic
Pending title |
| 12h00 | Professor Daniel R. Salomon
Pending title | 17h15 | Dr. Carlo Donadio
Pending title |
| 12h45 | Lunch | 17h30 | Tzu-Ling Karen Tseng, Ph.D., EMBA
Pending title |
| 14h30 | Associate Professor Chrishan S. Samuel
'Profiling kidney repair to identify therapeutic strategies for renal fibrosis' | 17h45 | Dr. HequnZou
Pending confirmation |
| 14h50 | Dr. Lambers Heerspink
Pending title | 18h00 | Clara G. Dias
'The role of Nevirapine phase I metabolites in the renal function of HIV-infected patients.' |
| 15h15 | Dr. Manoocher Soleimani
Pending title | 18h05 | Marcia Monteiro
Pending confirmation |
| 15h30 | Dr. Marie Paule Mingeot
Pending title | 18h10 | Ending session |
| 15h45 | Dr. Annalisa Castagna
'Gender and subtype-specific alterations of urinary metabolic profiles in patients affected by primary aldosteronism' | | |
